93. **"Structure"**, means anything constructed or erected with a fixed location on or below the ground, or attached to something having a fixed location on the ground and includes buildings, walls, fences, signs, billboards, poster panels, light standards and similar items.
94. **"Temporary car shelter"**, means a portable covering, usually purchased in a kit, which is used to protect an automobile, vehicle, or other general items from the natural elements on a temporary basis.
95. **"Use"**, means:

- a. any purpose for which a building or structure or land may be designed, arranged, intended, maintained or occupied; or
 - b. any activity, occupation, business or operation carried on, or intended to be carried on, in a building or structure or on land.
96. **"Use, conditional"**, means a use of a building or land described as a conditional use in Section 2.5 of this By- law which may have unique operating characteristics, may have potential operational or other impacts on adjacent properties, or may have unusual site development demands.
 97. **"Use, permitted", "Permitted use"**, means the use of land, building or structure provided in this zoning by-law for which a development permit shall be issued upon an application having been made, if the use meets all the requirements of this by-law.
 98. **"Use, principal"**, means the main use conducted on a zoning site or within a building or structure.
 99. **"Veterinary clinic"**, means a building, structure or parts thereof where one or more registered veterinarian surgeons including associated staff provide examinations and surgical or medical treatment to domestic pets, animals or livestock, and may include treatment rooms, laboratories, dispensaries, pharmacy and associated office. A kennel is not permitted in association with a Veterinary clinic.
 100. **"Wind generating system"**, means an energy generating system designed and built to generate electricity by using wind energy for commercial sale and distribution to the electricity grid.

1.3 TECHNICAL DEFINITIONS

1. **"Animal units or A.U."**, means the number of animals of a particular category of livestock that will excrete 73 kg of total nitrogen in a 12-month period.
2. **"Density"**, means the total number of dwelling units divided by the total land area to be developed expressed in gross acres/hectares
3. **"Party wall"**, means a wall forming part of a building and used for separation of adjoining buildings occupied, constructed or adapted to, be occupied by different persons or businesses.
4. **"Site"**, means an area of land consisting of one or more abutting lots.
5. **"Site area"**, means the computed land area contained within the site lines.
6. **"Site, corner"**, means a site situated at the intersection of two (2) streets, the interior angle of such intersection not exceeding 135 degrees.
7. **"Site, corner, reverse"**, means a corner lot, the rear of which abuts the side of another lot.

8. **"Site coverage"**, means the area, measured as a percentage of the total site area, which is occupied by a principal or accessory building, or structure.

If site area is 7,200sf and applicable building footprint is 3,000sf, site coverage is 41.6%

9. **"Site depth"**, means the horizontal distance between the centre points of the front and rear site lines.
10. **"Site, flag"**, means a lot on which the main building site area is set back from the street on which it fronts and includes an access strip connecting the main building site with the frontage street. Should a flag lot be approved, the following standards apply:
- The minimum width of the access strip ("pole") is 25 feet;

- b. A sign displaying the address of the proposed lot must be displayed on the “pole” of the lot;
 - c. The proposed lot must meet all dimensional standards of the zone within which the lot is proposed;
 - d. Only the “flag” portion of the lot shall be included in calculating total lot area and lot coverage; and
 - e. All yard setbacks of the applicable zone must be applied to the proposed lot within the “flag” portion of the lot.
11. **"Site frontage"**, means all that portion of a zoning site fronting on a street and measured between side site lines.
12. **"Site, interior"**, means a site other than a corner site or a through site.
13. **"Site lines"**, means as follows:
- a. **"Front site line"**, means that boundary of a site that is along an existing or designated street. For a corner site the CAO, Development Officer, or designate may determine the front site line.
 - b. **"Rear site line"**, means that boundary of a site that is most nearly parallel to the front site line. In the case of a site in which the side site lines intersect, such as a triangular site, a line 10 feet (3 metres) in length within the site, parallel to and at the maximum distance from the front site line.
 - c. **"Side site line"**, means a boundary of a site that is not a front or rear site line.
 - d. Where the front site line is a curve, as in a cul-de-sac or curved street, the front site line shall be deemed to be formed by a straight line joining the two points where the side site lines meet at the edge of the road allowance; and
 - e. Where an irregular shaped site cannot have its site lines identified by the foregoing definitions, the CAO, Development Officer, or designate shall determine the front, rear and side site lines.

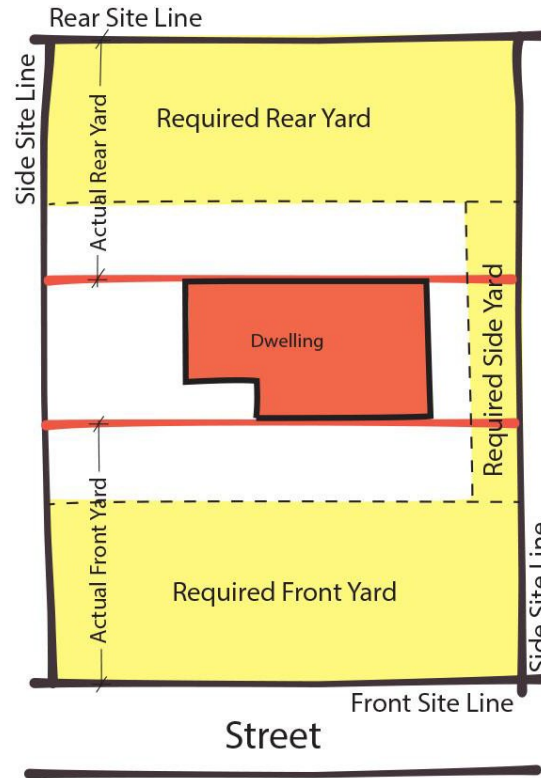

14. **"Site requirements"**, means some or all of the following:
- a. the area of the zoning site upon which a building is located, and/or the number of dwelling units or rooms within such building in relation to the area of the zoning site;
 - b. the location of exterior walls of buildings in relation to site lines, other walls of the same building, legally required windows, and/or other buildings;
 - c. all open areas relating to buildings or structures and their relationship thereto; and/or
 - d. the size (including height and floor area) of buildings or structures.
15. **"Site, through"**, means a site having a pair of opposite site lines along two (2) more or less parallel streets. On a through site both street lines shall be deemed front site lines.

16. **"Site width"**, means the horizontal distance between the side site lines, measured at right angles to the site depth at a point midway between the front and rear site lines, or 40 feet (12.1 metres) from the front site line, whichever is the lesser.

17. **"Site, zoning"**, means an area of land which:
- a. is occupied, or intended to be occupied, by a main building or a group of such buildings and accessory buildings, or utilized for the principal use or uses thereto, together with such open spaces as are required under the provisions of this by-law;
 - b. has frontage on a street or has any lawful means of access; and
 - c. is of sufficient size to provide the minimum requirements of this by-law for a permitted or conditional use in a zone where the use is located.
18. **"Yard"**, means an open area, on the same zoning site containing a building or structure which is unoccupied and unobstructed from its lowest level to the sky, except as otherwise permitted:
- a. **"Required yard"**, means a yard extending along a site line to a depth or width (measured from the site line) specified in the yard requirements for the zone in which such zoning site is located;
 - b. **"Required front yard"**, means a yard extending along the full length of the front site line between the side site lines;
 - c. **"Required rear yard"**, means a yard extending along the full length of the rear site line between the side site lines; and
 - d. **"Required side yard"**, means a yard extending along the side site line from the front yard to the rear yard.

1.4 SIGNAGE DEFINITIONS

1. **"Sign"**, means any writing (including letter, word or numeral), pictorial representation (including illustration or decoration), emblem (including device, symbol or trademark), banner, pennant or any other figure of similar character which:
 - a. is a structure or any part thereof, or is attached to, painted on or in any other manner represented on or in a building or other structure;
 - b. is used to identify, direct attention to, or advertise; and
 - c. is visible from outside a building but shall not include show windows as such.
2. **"Sign, advertising"**, means a sign directing attention to a business, commodity, service or entertainment conducted, sold or offered elsewhere than upon the same zoning site where the sign is maintained, including a billboard sign.
3. **"Sign, digital"**, means an electronic sign which is illuminated and/or displays messages and/or moving imagery.
4. **"Sign, fascia or wall "**, means any sign attached against the surface of, or against or within a recess in the wall, a column or other perpendicular portion of a building in a position essentially parallel to said wall, column or other perpendicular portion. A fascia sign shall also mean any sign

attached to the walls of two or more buildings and spanning the space between said buildings.

5. **"Sign, flashing"**, means an illuminated sign on which artificial light is not maintained constant in intensity and colour at all times when such sign is in use.
6. **"Sign, freestanding"**, means a sign supported by a vertical column or columns placed in the ground with the sign surface area above ground level.
7. **"Sign, illuminated"**, means a sign designed to give forth an artificial light or reflect light from an artificial source.
8. **"Sign, off-site"**, means a sign directing attention to a business, commodity, service or entertainment conducted, sold or offered elsewhere than upon the same zoning site where the sign is maintained, including a billboard sign
9. **"Sign, on-site"**, means a sign that identifies the business owner, resident or the street address or directs attention to a business, commodity, service or entertainment conducted, sold or offered upon the same zoning site where the sign is maintained.
10. **"Sign surface area"**, means the entire area within a single continuous perimeter enclosing the extreme limits of the display excluding the necessary supports or uprights on which it is placed. Where a sign has two or more faces, the areas of all faces shall be included in determining the area of the sign, except that where two such faces are placed back to back and are at no point more than 3 feet (0.9 metres) from one another.

2 ADMINISTRATION

2.1 SCOPE OF THE BY-LAW

TITLE

1. This by-law shall be known as "*The Rural Municipality of Taché Zoning By-law*".

THE AREA

2. This By-law controls and regulates the use and development of land in the RM of Taché as shown on the zoning Maps in Schedule A.

2.2 INTENT AND PURPOSE

1. The regulations and provisions established by this by-law are deemed necessary in order to:
 - a. Implement the objectives and policies of *The Rural Municipality of Taché Development Plan* (By-law 5/2016);
 - b. Define and limit the powers and duties of the Rural Municipality of Taché Council (Council) and the CAO, Development Officer, or designate; and
 - c. Regulate the use and development of land and buildings by:
 - i. dividing the municipality into zones;
 - ii. prescribing permitted and conditional uses for land and buildings in each zone; and
 - iii. setting out the procedure for applying for and issuing development permits, non-conforming certificates, zoning memoranda and other similar documents; including the classes of minor development, if any, that does not require a development permit.

2.3 GENERAL SITE PROVISIONS

SITE REQUIREMENTS

1. Except as otherwise provided herein, the owner shall maintain the minimum yards and site coverage required for any use in any zone.

VIOLATION OF PROVISIONS

2. No building or structure shall be added to, altered, enlarged, or reconstructed, and no site shall be reduced in area or yard requirements if such addition, reconstruction, enlargement, reduction or alteration will cause violation of any provisions of this By-law.

MULTIPLE USES

3. There may be more than one principal use, building or structure on a single site where it is reasonable to conduct such additional uses on the same site without requiring subdivision or rezoning of the

subject parcel (e.g. mixed-use development, shopping centre, strip mall). Where any land or building is used for more than one principal use, all provisions of this by-law relating to each use shall be satisfied. Where there is conflict such as in the case of site area and frontage, the higher or more stringent requirement shall prevail.

MULTIPLE ZONES

4. Where a parcel is within two or more zones each such portion of said parcel is considered a separate zoning site as defined herein.

2.4 DEVELOPMENT AGREEMENTS

1. Where an application is made for the amendment of this by-law, Council may require the owner to enter into an agreement pursuant to Section 150 of *The Act*. The development agreement may be registered in the Land Titles Office.

2.5 CONDITIONAL USES

1. The development and execution of this by-law is based upon the division of the RM into zones. Within each zone the use of land, buildings and structures in relation to the land are to be substantially compatible. There are certain uses deemed conditional uses which, because of their unique characteristics, cannot properly be classified in any particular zone or zones without consideration of the impact of those uses upon neighbouring land and of the public need for the particular use at that particular location.

FILING AN APPLICATION

2. The application shall be made to the CAO, Development Officer, or designate and must be accompanied by a site plan and any supporting material, including engineering reports or studies, and such fees as required by Council.

EXPIRY OF APPROVAL

3. The approval of Council in accordance with the provisions of *The Act* shall expire and cease to have any effect if it is not acted upon within twelve (12) months of the date of the decision. The conditional use order may be extended for an additional period not longer than twelve (12) months, if an application is received before the initial deadline.

EXISTING CONDITIONAL USE

4. Where a use is classified as a conditional use under this by-law, or amendments hereto, and legally exists as a permitted or conditional use at the date of the adoption of this by-law or amendments hereto, it shall be considered as an existing conditional use.

CHANGES TO AN EXISTING CONDITIONAL USE

5. Any change in a conditional use shall be subject to the provisions of this section and the appropriate provisions of *The Act*.
6. In the case of conditional use livestock operations, only a change to increase the intensity or total animal unit size of the operation, or a change to one of the conditions imposed on the approved

conditional use will trigger the requirement for a new conditional use. Development and/or building permits would still be required for any enlargements or extensions of the floor area of the operation.

REVOKING A CONDITIONAL USE ORDER

7. Council may revoke an approved conditional use order for a violation of any conditions imposed by it.

CONDITIONS OF APPROVAL

8. Council may impose conditions on a conditional use which serve to secure the objectives of the Zoning By-law or Development Plan By-law. Such conditions may include, but are not limited to:
 - a. Safeguards to control potentially dangerous, noxious or offensive effects such as:
 - i. noise or vibration
 - ii. odour, smoke, dust or other airborne particles;
 - iii. radiation, fire or explosive materials;
 - iv. heat, humidity or glare; and
 - v. toxic and noxious matters including waste.
 - vi. hours of operation and other performance standards as required;
 - b. Design and siting requirements including:
 - i. the provision of open space, landscaping, planting, screening and buffering including fences;
 - ii. off-street parking and loading areas; outdoor storage and display areas; grading and surface drainage;
 - iii. lot surfacing;
 - iv. pedestrian and vehicular circulation systems including entrances and exits;
 - v. outdoor lighting;
 - vi. signs
 - vii. refuse and garbage storage and screening of enclosures;
 - viii. snow storage;
 - ix. location of buildings, structures within the site; and
 - x. building design and architectural appearances.
 - c. Upgrading of municipal services including sewer, water, drainage, transportation and other services and systems as required or for the provision of individual on-site servicing; and/or
 - d. Other matters deemed necessary by Council to ensure a desirable and compatible development.

2.6 VARIANCES

1. An application for a variance order shall be made to the CAO, Development Officer, or designate and must be accompanied by any supporting material, such detailed design and a site plan, and fees required by Council.
2. The CAO, Development Officer, or designate may, in accordance with the provisions of subsection 102(1) of *The Act*, make an order that varies the height, distance, area, size or intensity of use requirements and the number of parking spaces.

EXPIRY OF APPROVAL

3. The approval of Council in accordance with the provisions of *The Act* shall expire and cease to have any effect if it is not acted upon within twelve (12) months of the date of the decision. The variance order may be extended for an additional period not longer than twelve (12) months, if an application is received before the initial deadline.

REVOKING A VARIANCE ORDER

4. Council may revoke an approved variance order for a violation of any conditions imposed by it.

CONDITIONS OF APPROVAL

5. Council may impose conditions on a variance which serve to secure the objectives of the Zoning By-law. Such conditions may include, but are not limited to:
 - b. Safeguards to control potentially dangerous, noxious or offensive effects such as:
 - i. noise or vibration
 - ii. odour, smoke, dust or other airborne particles;
 - iii. radiation, fire or explosive materials;
 - iv. heat, humidity or glare; and
 - v. toxic and noxious matters including waste.
 - vi. hours of operation and other performance standards as required;
 - b. Design and siting requirements including:
 - i. the provision of open space, landscaping, planting, screening and buffering including fences;
 - ii. off-street parking and loading areas; outdoor storage and display areas; grading and surface drainage;
 - iii. lot surfacing;
 - iv. pedestrian and vehicular circulation systems including entrances and exits;
 - v. outdoor lighting;
 - vi. signs
 - vii. refuse and garbage storage and screening of enclosures;

- viii. snow storage;
 - ix. location of buildings, structures within the site; and
 - x. building design and architectural appearances.
- c. Upgrading of municipal services including sewer, water, drainage, transportation and other services and systems as required or for the provision of individual on-site servicing; and/or
- d. Other matters deemed necessary by Council to ensure a desirable and compatible development.

2.7 CAO, DEVELOPMENT OFFICER, OR DESIGNATE

1. In accordance with the provisions of *The Act*, Council designates the CAO, Development Officer or designate to act on behalf of the Rural Municipality of Taché:

2.8 PERMITS

PERMITS REQUIRED

1. The owner or his/her agent shall obtain all necessary permits as required by Council and other government agencies.

DEVELOPMENT PERMITS

2. No person shall undertake or permit the existence of a development that is subject to this By-law without first making application and obtaining a development permit for that purpose except for the following:
 - a. the carrying out of work or maintenance or repair to any building or structure, provided that such works do not include structural alterations or major renovations;
 - b. the erection, construction or the maintenance of gates, fences, or other non-structural means of enclosures less than 6 feet (1.8 metres) in height;
 - c. the construction or maintenance of that part of a public utility placed in or upon a public utility easement;
 - d. the carrying out by the Rural Municipality of Taché, any operation for the maintenance or improvement of a public utility, including the inspection, repair or renewal thereof;
 - e. the erection, placement, enlargement, non-structural alteration, relocation or use of any building or structure not exceeding 108 square feet (10.9 sq. metres) that is normally incidental or accessory to a dwelling as the principal building or use;
 - f. general landscaping and the planting or removal of trees and hedges intended as a shelterbelt or buffer, except where said landscaping results in a change in the average grade of the site by 6 inches (15.2 centimetres) or more in height;
 - g. the construction or erection of permitted non-illuminated signs; and
 - h. the operation of a home occupation in accordance with Section 3.2.2 of this by-law.

DEVELOPMENT PERMIT REQUIREMENTS

3. In addition to the requirements of any applicable by-law of the Rural Municipality of Taché, or any other Provincial regulations, all applications for a development permit shall be accompanied by any supporting material and fees required by Council. No person shall erect, locate, relocate, use, or occupy any building, land or structure contrary to any development permit or the material furnished in the support of the application.

WITHHOLDING DEVELOPMENT PERMIT

4. The CAO, Development Officer, or designate may withhold issuing a development permit:
 - a. as provided for in *The Act*;
 - b. that would result in a violation of this by-law or any by-law of the Rural Municipality of Taché; or
 - c. when any fees are due and owing to the Rural Municipality of Taché under this by-law.

DWELLING UNITS PERMITTED ON A PARCEL

5. No person shall be issued a development permit to construct more than one dwelling unit or place mobile home dwellings on a parcel of land, except as otherwise regulated in this By-law.

2.9 NON-CONFORMITIES

NON-CONFORMING USES AND BUILDINGS

1. A non-conforming use and a non-conforming building or structure shall be regulated in accordance with and subject to the provisions of *The Act*.

CONTINUANCE OF LAWFULLY EXISTING NON-CONFORMITIES

2. All buildings and structures, parcels of land, and uses of land that lawfully existed before the enactment of this zoning by-law are deemed to conform to the site and use requirements of the zone in which the buildings and structures, parcel of land or use of land are situated. Any expansion, addition, relocation or reconstruction of the said buildings and structures or change in use shall conform to the site and use requirements of the zone in which they are located unless varied by a variance order.

INCIDENTAL ALTERATIONS

3. Incidental alterations that do not increase the non-conformity and otherwise conforms to this by-law may be made to an existing building that does not conform to the zoning by-law, pursuant to *The Act*.

REPAIR OR REBUILDING

4. Pursuant to the provisions of *The Act*, where a building that does not conform to the provisions of the zoning by-law, is damaged or destroyed to an extent of fifty (50) percent or more of the replacement value of the building above its foundation, said building must not be repaired or rebuilt except in conformity with this by-law and any approved variance.

NON-CONFORMING PARCEL

5. If the size or dimensions of an existing parcel of land do not conform to the zoning by-law, the owner of the land may:
 - a. use the land for any use permitted under the by-law; and
 - b. construct or alter a building on the land if all requirements of the by-law, such as yards, building height and floor area, are met.

SITE REDUCED

6. Wherever a requirement of site area, width, frontage, depth of required yard is reduced below the minimum requirements of this by-law by virtue of a highway, road allowance, drain, right-of-way or the section survey, such site shall be deemed to conform to the requirements of this by-law. Site reductions resulting from subdivisions made by any owner shall not qualify for this exception.

DISCONTINUANCE OF NON-CONFORMING USE

7. If the use of land or the intensity of the use of land does not conform to the zoning by-law and the non-conformity has been discontinued for more than 12 consecutive months, the land must not be used after that time except in conformity with the zoning by-law.

ACCESSORY USES

8. A use that is accessory to a principal non-conforming use may continue as long as the principal use exists.

NON-CONFORMITY MAY BE ALTERED BY VARIANCE

9. Council may permit the following alterations to an existing non-conformity by variance order as per *The Act*:
 - a. construction on a non-conforming building beyond that permitted under subsection 3 of this section;
 - b. an increase in the intensity of an existing non-conforming use, other than a variance to increase the number of animal units in a non-conforming livestock operation;
 - c. the repair or rebuilding of a non-conforming building that has sustained more damage than permitted under subsection 4 above; or
 - d. the extension of the 12-month time limit for not more than 12 additional months.
10. Where any of the above variances do not result in the elimination of the non-conformity, the subject building, structure, use or parcel shall retain its non-conforming status as per subsection 1 above.

2.10 INTERPRETATION AND APPLICATION

RELATION TO OTHER BY-LAWS AND REGULATIONS

1. Developments approved under this by-law are subject to applicable Provincial or Federal approvals. Whenever provisions of any by-law of the Rural Municipality of Taché, or any other requirements of the Provincial or Federal Governments impose overlapping regulations on the use of land or buildings or site regulations or contain any restrictions covering any of the same subject matter contained herein, the most restrictive or highest requirement shall govern.

COMPLIANCE WITH OTHER REQUIREMENTS

2. The granting of a development permit in compliance with the provisions of this By-law shall not in any way relieve the person obtaining such permit from full responsibility of complying with the requirements of any other Municipal, Provincial or Federal statutes, by-laws, regulations or orders or those of any of their agencies.

PREVIOUS VIOLATIONS

3. Unless otherwise provided for herein, an existing building, structure or use which was illegal under the provisions of any by-law in force on the effective date of this zoning by-law, and amendments thereto, shall not become or be made legal solely by reason of the adoption of this by-law. To the extent that, and in any manner that, said illegal building structure or use is in conflict with the requirements of any by-law, said building, structure or use remains illegal hereunder.

2.11 DEVELOPMENT AGREEMENTS

1. As a condition of amending a zoning by-law, making a variance order or approving a conditional use, Council may enter into a development agreement as per *The Act*.

2.12 ENFORCEMENT

1. The enforcement of this by-law, any resolution, or order enacted by Council under *The Act* or any regulation made thereunder shall be in accordance with the provisions of *The Act*.
2. The Rural Municipality of Taché may impose fines or penalties for offences under this by-law as per the *Municipal By-law Enforcement Act* and/or any other fees by-laws enacted by the RM.

2.13 TRANSITION FROM PREVIOUS BY-LAW

REPEAL

1. This by-law replaces *RM of Taché By-law 12-2009* which is hereby repealed.

TRANSITION

2. Any use of land or a building lawfully in existence under applicable laws and any Variance or Conditional Use Order or both, shall upon enactment of the By-law and repeal of that order or orders, be deemed to comply with this By-law to the extent and for the period of time authorized by such orders.

APPLICATION IN PROGRESS

3. A development for which final approval was granted prior to the adoption of this By-law may be completed in accordance with the previous By-law.
4. Where a development application has been submitted for any type of approval covered in this by-law, but final approval has not been granted by the approving authorities prior to the effective date

of this By-law, the application shall be reviewed and considered in accordance with the provisions of the by-law that was in effect at the time of the application.

3 LAND USE AND DEVELOPMENT PROVISIONS

INTENT AND PURPOSE

1. The provisions of this Part apply to all zones within the Rural Municipality except• wherein otherwise stated.

3.1 DEVELOPMENT STANDARDS

3.1.1 YARDS

GENERAL REQUIREMENTS

1. Except as herein provided, the following provision shall apply in all zones to ensure adequate yards and setbacks:
 - a. The yard requirements shall be as set forth in the Bulk Use Requirements Table of each zone;
 - b. All yards and other open space required for any use shall be located on the same site as the use;
 - c. Where a site is occupied for a use and has no buildings or structures thereon, the required yards for the zone shall be provided and maintained;
 - d. Where permitted in this By-law, a building containing more than one unit with common party walls, such as a semi-detached two-unit dwelling, multiple-unit dwellings, or multiple-tenant businesses shall be considered as one (1) building occupying one (1) site for the purpose of side yard regulations;
 - e. Minimum required yards contained in this By-law do not relieve the owner from compliance with applicable provincial, federal or municipal requirements where said requirements demand greater setbacks;
 - f. On a site, no fence, wall, hedge, shrubs or other landscape features shall be placed in such a manner as to produce a fence effect or visual barrier hazardous to vehicle and pedestrian traffic;
 - g. Plantings proposed within the control line of a declared provincial trunk highway right-of-way and/or provincial road requires a permit from the applicable provincial authority;and
 - h. Plantings, in the Rural Areas, in yards adjacent to a municipal right-of-way shall be no closer than 15 feet (4.5 metres) from the property line.

YARD EXCEPTIONS

2. The following features and accessory buildings, structures and uses may be permitted to project into or locate in required yards:
 - a. Agricultural crops including haying and grazing fields may be permitted into required yard;
 - b. Architectural features such as eaves, gutters, chimneys, bay windows, alcoves (to a maximum of 20 square feet), awnings, canopies, and fire escapes may project 5 feet (1.5 metres) into

any yard provided said features project no closer than 5 feet (1.5 metres) to any side site line, except that:

- i. In the “C” and “CM” Zones where they may project to the site line;
 - ii. In the RS and RT zones there must be 10 feet (3 metres) of separation between the eaves on buildings on adjacent lots; and
 - iii. Architectural features of an accessory building or structure located to the rear of a main building may project no closer than 5 feet (1.5 metres) to the side or rear site line;
- c. Fences and Hedges, except as provided in 3.1.3, may be located in any front yard to a maximum height of 4 feet (1.2 metres) and in any side or rear yard to a maximum height of 6 feet (1.8 metres);
 - d. Incidental storage of materials shall be permitted in any required rear or side yard;
 - e. Landscape features such as lighting, trees, shrubs, flowers or plants shall be permitted in any required yard provided they do not produce a hedge effect contrary to item (d) above (fences and hedges);
 - f. Open, unenclosed and uncovered stairways, balconies and porches attached to the main building with a maximum 3.5 feet (1 metre) high railings may project up to 10 feet (3 metres) into any required front or rear yard;
 - g. Parking spaces and off-street parking and loading – as regulated in Section 3.1.3, may be located in any required yard, except in the Main Street Areas of Lorette and Landmark within which parking should not be located in front of a building;
 - h. Public recreation areas may be located in any required front yard where a permitted use;
 - i. Public utility equipment, cables, and lines necessary for the provision of services may be located in a required yard;
 - j. Refuse/garbage storage bins and structures are not permitted in any required front yard; and
 - k. Uncovered walks, driveways, fixtures and other landscape architectural features, guardrails for safety purposes around ramps and accessibility ramps may be located in a required yard.

CORNER ALIGNMENTS

- 3. Notwithstanding any provision contained in this Part, on corner sites within the “C”, “CM” and “CN” zones, the following shall apply:
 - a. Within the hatched triangular shaped areas of corner sites as shown below, no fence, wall structure, hedge, shrubs, or other horticultural landscape features shall be placed in such a manner as to produce a fence effect or visual barrier greater than 2.5 feet (0.7 metres) above the average level of the ground.

YARDS ABUTTING RESIDENTIAL ZONE LIMITS

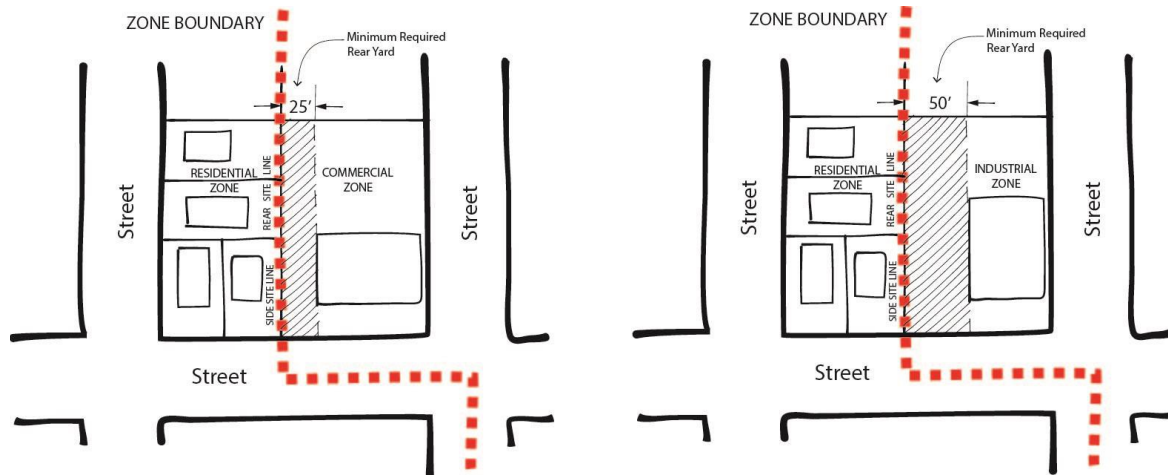

4. Notwithstanding any provision of this By-law, the following special yard requirements shall apply along with all Residential Zone limits:
 - a. where a side site line in the "C", "CM" (except within Main Street Areas) or "I" zones abuts a side site line in an adjacent Residential Zone, the required front yard in the Residential Zone shall extend for a distance of 25 feet (7.6 metres) in the case of the "C" and "CM" zones, and 50 feet (15.2 metres) in the case of the "I" zone from the zone limit;
 - b. a side yard of 10 feet (3 metres) in the case of the "C" and "CM" zones and 25 feet (7.6 metres) in the case of the "I" zone shall be provided along the side site line which abuts the Residential Zone;

The following diagram illustrates the requirements under (a) and (b):

- c. where a rear site line in the "C", "CM" or "I" zones abuts a side or rear site line in an adjacent Residential Zone, a rear yard of 25 feet (7.6 metres) in the case of the "C" and "CM" zones, and 50 feet (15.2 metres) in the case the "I" zone shall be provided along the rear site line.
 - i. The residential component of a mixed-use development within a "CM" zone shall only be required to meet the required rear yard of the applicable RM zone.

The following diagram illustrates the requirements of this clause:

- d. where a yard as described in clauses (a), (b) or (c) is provided in the “C”, “CM” or “I” zones a compact hedge, row of shrubbery or a solid fence 6 feet (1.8 metres) in height shall be provided and maintained along the site line abutting the Residential Zone limit.

3.1.2 SIGN REGULATIONS

GENERAL

1. The regulations herein are designed to establish a minimum control of signs.
2. The following provisions shall apply to all signs erected or maintained within the RM, except wherein otherwise stated:
 - a. No sign or sign structure shall be erected at any location where it may interfere with or obstruct the view of any street, intersection or railway grade crossing, or be confused with any authorized traffic sign, signal or device. No rotating beam, beacon or flashing illumination resembling an emergency light shall be used in connection with any sign display;
 - b. All signs and sign structures shall be kept in good repair and in a proper state of preservation.
 - c. Signs which have become obsolete because of discontinuance of the operation or activity or are not maintained in good condition or repair shall be repaired, removed or relocated within thirty (30) days following notice by the CAO, Development Officer, or designate; and
 - d. Flashing signs and digital signs are not permitted within Residential Zones or within 100 feet (30 metres) of Residential Zones.
3. Signs erected or maintained within the Town Areas are subject to the following:
 - a. Except for freestanding signs and those signs listed in within the “Permit not required” subsection, all signs, as accessory structures, shall comply with the minimum yard requirements for accessory buildings, structures and uses in the zone in which they are to be located or erected; and

- b. Signs and sign structures shall be permitted in accordance with this Section, subject to the issuance of a development permit, except as provided in the "Permit not required" subsection.

EXCEPTIONS TO REQUIREMENTS

- a) One additional sign is permitted for an approved home occupation to a maximum 3 square feet (0.2 sq. metres) in sign surface.
- b) In the case of a corner site, two (2) such signs, one facing each street, may be permitted.

PERMIT NOT REQUIRED

1. The following types of non-illuminated, signs may be constructed without a permit, however, this shall not relieve the owner or person in control of such signs from erecting and maintaining the signs in a safe condition:
 - a. Signs posted by duly constituted public authorities in the performance of their public duties;
 - b. Flags or emblems of a political, civic, educational or religious organization;
 - c. Commemorative or memorial signs or tablets;
 - d. Signs required by law, governmental order or regulation;
 - e. A residential on-site sign for identification and/or home occupation purposes not exceeding 3 square feet (0.2 sq. metres) each in sign surface area;
 - f. Temporary signs including real estate signs, construction signs, election signs, and garage sale signs and similar;
 - g. Private signs required for direction and convenience of the public, including signs identifying restrooms or parking entrances or exits, not exceeding 5 square feet (0.4 sq. metres) in sign surface area; and
 - h. "No Trespassing" or "Private Property" and similar warning signs not exceeding 3 square feet (0.2 sq. metres) in surface area.

3.1.3 PARKING AND LOADING

PROVISIONS FOR OFF-STREET PARKING

1. Off-street parking spaces shall be provided and maintained in accordance with the requirements of the zone where the use is located and the following provisions:
 - a. The surface of an accessory off-street parking area and its access driveways shall be surfaced and designed in such a manner that there will be no free flow of water onto either adjacent properties or along public sidewalks. They may be paved with either asphalt, concrete or paving bricks, or suitably surfaced with gravel, crushed rock or other aggregate material;
 - b. Within the Town Areas of Lorette and Landmark parking areas within the Commercial zones and the "RM1" and "RM2" zones shall have hard-surfaced parking areas of asphalt, concrete or similar materials;
 - c. Where a window to a habitable room is located less than 5 feet (1.5 metres) above grade, there shall be at least 8 feet (2.4 metres) separating the window from any parking space;
 - d. When a building is enlarged, or a use is extended or changed, the accessory off-street parking spaces shall be provided for the enlargement, extension, or new use in accordance with the specific requirements of the particular zone in which the use is located; and
 - e. Where a common parking area abuts an "RS" or "RT" zone, the owner or developer of the parking area shall construct and maintain a solid fence or hedge not less than 5 feet (1.2 metres) or more than 6 feet (1.8 metres) in height along any portion of the parking area boundary which abuts the said "RS" or "RT" Zones.

NUMBER OF PARKING SPACES REQUIRED

2. Accessory off-street parking for all uses shall be provided according to Table 3-2: PARKING GROUP TABLE. The parking group for each use shall be identified on the Use and Site Tables in each zone. For the purpose of computing the off-street spaces, the following shall apply:
 - a. In cases where floor area is the unit for determining the required number of accessory off-street parking spaces, said unit shall not include any area used for parking or loading within the principal building or structure and shall not include any area used for incidental service storage, mechanical equipment, heating systems and similar uses;
 - b. In stadiums, sports arenas, places of worship and other places of assembly in which those in attendance occupy benches, pews or other similar seating, each 2 feet (0.6 metres) of such seating facilities shall be counted as one (1) seat for the purpose of determining the accessory off-street parking;
 - c. When the computation of the number of accessory off-street parking spaces required by the By-law results in a requirement of a fractional parking space, any fraction less than one-half ($1/2$) of a parking space may be disregarded, whereas a fraction of one-half ($1/2$) or more of a parking space shall be counted as one (1) parking space.
3. In the case of a hotel/motel the number of spaces for any on-site eating and drinking establishment or retail business/services shall be calculated according to Table 3-2 in addition to the spaces required for the hotel/motel.
4. Mixed use developments in the “CM” zone shall provide parking for multiple-unit components and commercial/business or eating and drinking establishments separately as per Table 3-2.

ACCESSIBLE PARKING

5. Notwithstanding the parking requirements detailed in Table 3-2, all commercial and institutional uses which serve as destinations for the general public shall provide accessible parking spaces in addition to those required as per Table 3-2. Additionally, at least one of all required visitor parking spaces as outlined on Table 3-2 must be accessible.
6. Accessible parking spaces must be at least 12 feet (3.6 metres) wide and located in close proximity to building entrances with barrier-free paths between the parking area and building. Furthermore, accessible parking spaces must be appropriately marked and reserved for persons disabled by barriers. The provision of accessible parking shall be as follows:

Number of Total Parking Spaces Required as Per Table 3-2	Number of Accessible Parking Spaces Required
1-25	1
26-50	2
51-100	3
100+	4 +1 for each additional 20 required spaces

PARKING AREA DESIGN

7. The layout and design of accessory off-street parking areas shall be as follows:
 - a. The minimum dimensions for off-street accessory parking areas shall be in accordance with Table 3-3;
 - b. Where access to a parking space is directly from a lane, the width of the lane adjacent to said parking space may be computed as part of the aisle width required for said parkingspace;
 - c. Each parking area shall have a vertical clearance of at least 7.5 feet (2.2 metres) from floor to grade; and
 - d. The angle of parking shall be measured between the centreline of the parking space and the centreline of the aisle. Where the angle of parking varies from that set forth in Table 3-3 the CAO, Development Officer, or designate shall determine which set of requirements shall apply.

PROVISIONS FOR OFF-STREET LOADING

8. All accessory off-street loading spaces shall be located within the same zoning site and shall be maintained in accordance with the following provisions:
 - a. Each off-street loading space shall have access to a public street or lane;
 - b. Each off-street loading space shall be not less than 12 feet (3.6 metres) in width nor have less than 12 feet (3.6 metres) overhead clearance. In no case shall the length of the loading space be such that a vehicle in the process of loading or unloading shall project into any street or lane;
 - c. The accessory off-street loading spaces provided for a use shall be solely for the loading and unloading of vehicles and shall not be used to satisfy any accessory off-street parking requirements or portion thereof;
 - d. When a building or structure is enlarged, or a use is extended or changed, the accessory off-street loading spaces shall be provided for the enlargement, extension or new use; and
 - e. When the computation of the number of accessory off-street loading spaces required by this By-law results in a requirement of a fractional loading space, any fraction less than one-half ($1/2$) of a loading space may be disregarded, whereas a fraction of one-half ($1/2$) or more of a loading space shall be counted as one (1) loading space.

LOADING REQUIREMENTS

9. Accessory off-street loading spaces shall be provided as follows:
 - a. No separate off-street loading space is required for any building having a gross floor area of less than 10,000 square feet (929 sq. metres), however one of the required off-street parking spaces shall also serve as an off-street loading space;
 - b. Commercial and Industrial Uses which occupy a floor area larger than 10,000 square feet (929 sq. metres) shall provide one (1) loading space for each 20,000 square feet (1858 sq. metres) of gross floor area or part thereof; and
 - c. Institutional and public uses including public medical clinics, assembly halls, clubs, lodges, government, schools and office buildings which occupy a floor area larger than 10,000 square

feet (929 sq. metres) shall provide one (1) loading space for each 30,000 square feet (2787 sq. metres) of gross floor area or part thereof.

ENTRANCES AND EXITS

10. The following regulations shall apply to all off-street public parking areas, automobile service stations, drive-in establishments, shopping areas and other such commercial uses requiring the provision of vehicular entrances and exits to the site:

- a. Access to the site for vehicles shall be only by way of entrances and exits provided in accordance with the following:

Minimum width of an entrance or exit	15 feet (4.5 metres)
Minimum width of a combined entrance and exit	25 feet (7.6 metres)
Maximum width of an entrance or exit	25 feet (7.6 metres)
Maximum width of a combined entrance and exit	35 feet (10.6 metres)
Minimum distance between any part of an entrance, exit or combined entrance and exit, and the intersection of street site lines or the intersection of a street site line and a side site line on a public lane	15 feet (4.5 metres)

11. The owner shall provide and maintain a barrier on or near all street site lines to prevent vehicles entering or exiting the site other than by the entrances and exits permitted in this by-law.

SCHOOLS AND EDUCATIONAL FACILITIES

12. All schools must provide queuing and loading areas for buses and private cars. These areas shall be able to accommodate at least three busses and five private automobiles.

SNOW STORAGE

13. All developments required to provide on-site parking of 5 or more spaces must provide areas for snow storage. Snow storage may occur within required yards as long as it does not interfere with adjacent sites, visibility or public streets and lanes.

* Minimum ceiling height of 7 feet for covered or structured parking		

BICYCLE PARKING REQUIREMENTS

14. All developments within the “RM1”, “RM2”, “C”, and “CM” zones are required to provide bicycle parking as follows:

- a. one lockable bicycle space per 20 (twenty) required automobile spaces shall be provided to a maximum of twelve (12) bicycle spaces; and
- b. bicycle parking must be provided with safe and convenient access to building entrances.

3.1.4 DEVELOPMENT RESTRICTED

SEWAGE LAGOONS AND WASTE DISPOSAL SITES

1. No dwelling, mobile home dwelling or other habitable building shall be constructed or located within 1,500 feet (457.2 metres) of the site of any municipal sewage lagoon or solid waste disposal site.

NOXIOUS OR OFFENSIVE USES

2. Notwithstanding anything herein contained, no use shall be permitted in any zone which may be noxious or offensive by reason of the emission or production of odour, dust, refuse matter, wastes, vapour, smoke, gas, vibration or noise unless the use is permitted in the subject zone, satisfactory measures are undertaken to mitigate or eliminate such effects and necessary licensing has been obtained from the applicable provincial authority, as required.

ANHYDROUS AMMONIA FACILITIES

3. Anhydrous ammonia storage facilities shall be set back 330 feet (100 metres) from any public roadway, and shall be separated by a distance of 2,640 feet (804.6 metres) from any individual residence or any residential area. Any residential development within this buffer area requires a conditional use.

PROXIMITY TO ACTIVE RAILWAYS

4. Within all zones no habitable portion of a dwelling shall be constructed within 100 feet (30 metres) of an active railway line. Fences and/or berms shall be provided as per the Canadian Federation of Municipalities' *Guidelines for New Development in Proximity to Railway Operations*.

3.1.5 MOBILE HOME REGULATIONS

1. All mobile home dwellings shall have painted, durable skirting to screen the view of the foundation supports and under the carriage of the mobile home within sixty (60) days of location on the site.
2. Within the Town Areas all mobile home dwellings must be located within a "RMH" zone.

3.1.6 MOBILE HOME PARKS

1. All mobile home parks shall provide:
 - a. A central open space area equivalent to 200 square feet (18.5 sq. metres) per mobile home space or 2400 square feet (222.9 sq. metres), whichever is greater; and
 - b. An all-weather surface internal roadway to serve all mobile homes with a minimum 24 square foot (7.3 sq. metre) wide driving surface and 40 foot (12.1 metre) total width.

ACCESSORY BUILDINGS AND USES

2. The types of accessory uses, buildings and structures permitted in mobile home parks shall be as set forth in Section 3.2.6.

3. The site and other requirements for buildings and structures in the “RMH” Zone, as outlined in Table 3-4 shall apply in mobile home parks except that the requirements shall be interpreted as applying to a “mobile home space” rather than a “site.”

TABLE 3-4: MOBILE HOME PARK (RMH) REQUIREMENTS

DESCRIPTION	DIMENSIONAL REQUIREMENTS
Site area, minimum for mobile home park	1 acre
Maximum density	6 mobile homes per acre
Minimum area of each mobile home space	4500 sq. ft.
Minimum width of each mobile home space	45 ft.
Minimum depth of each mobile home space	100 ft.
Minimum side to side clearance between mobile home dwellings (porches, carports, additions and projections are considered part of the mobile home)	10 ft.
Minimum end-to-end clearance between mobile homes	30 ft.
Minimum distance from mobile home to roadway	10 ft.
Minimum distance from mobile home to public street or mobile home park boundary	30 ft.

3.1.7 SUBDIVISION OF EXISTING ATTACHED DWELLINGS

1. A site with a two-unit attached dwelling or row type dwelling located thereon may be subdivided into two or more sites provided that:
 - a. Any new site line shall, where possible, be a straight line between the front and rear site lines, locate in such a manner that the party wall of two adjacent units shall form part of the new site line;
 - b. Each site created shall have frontage on a street other than a lane;
 - c. Each site created shall provide not less than one (1) on-site parking space having access directly to either a public lane or street;
 - d. The permitted use for each site shall be for one attached single-unit dwelling unit and permitted accessory uses only; and
 - e. Notwithstanding the minimum requirements of Table 4-4, any new site created pursuant to this subsection shall have a minimum site area of 2,000 square feet (185.8 sq. metres) and a minimum frontage of 20 feet (6 metres). No side yard is required along a party wall.

3.1.8 HEIGHT EXCEPTIONS

1. The maximum height requirements contained in the Dimensional Standard Tables of this By-law shall not apply to limit the height of:

- a. chimneys and flues;
 - b. elevators and bulkheads;
 - c. flagpoles, communication towers, aerials, lines, and wind turbine generator towers;
 - d. roof-mounted satellite dishes;
 - e. steeples and spires
 - f. water storage tanks, electrical apparatus or mechanical rooms, without habitable space, associated with the operation of a building or structure; and
 - g. grain elevators and grain or other agricultural product handling structures
2. The maximum height of a private communication tower shall be 50 feet (15.2 metres) measured from the ground.
 3. The maximum height of a solar collector shall be 8 feet (2.4 metres) above the height of the main building on the site.

3.1.9 OUTDOOR LIGHTING

1. Outdoor lighting shall be low-glare in nature and placed in a manner so that no direct rays of light are directed at adjoining properties, or interfere with the integrity of traffic control devices; and
2. If ground mounted, the maximum height of outdoor lighting fixtures shall be 35 feet (10.6 metres).

3.1.10 OUTDOOR SOLID FUEL HEATING SYSTEMS

1. An outdoor solid heating system building or structure shall comply with the following regulations:
 - a. No person shall install an outdoor solid fuel heating system building or structure without first obtaining a development permit from the CAO, Development Officer, or designate and no development permit to install an outdoor solid fuel heating system building or structure shall be issued unless all the regulations of this By-law have been satisfied;
 - b. No outdoor solid fuel heating system building or structure shall be located in the Town Areas of Landmark and Lorette or within 1.61km (1 mile) of the boundary of a Town Area;
 - c. Outdoor solid fuel heating system buildings or structures are considered accessory uses and shall be developed in accordance with Section 3.2.6 of this By-law.
 - d. An outdoor solid fuel heating system building or structure shall be located:
 - i. Behind the rear wall of the main building on the site;
 - ii. At least 50 feet (15.2 metres) clear of all projections from the main building or other accessory buildings or structures on the site; and
 - iii. At least 50 feet (15.2 metres) feet from any lot line.
 - e. The outdoor fuel heating system building or structure shall be developed in accordance with all applicable CSA regulations and provincial and/or federal regulations and codes.

- f. Notwithstanding Section 3.1.8 of the By-law or the Bulk Tables, the minimum height of any chimney that is part of a solid fuel heating system building or structure shall be eleven 11feet (3.3 metres); and
- g. The minimum separation space between an outdoor solid fuel heating system appliance and the walls and ceiling of the any building or structure which contain it shall be 5 feet (1.5 metres).

3.2 USE SPECIFIC STANDARDS

3.2.1 SHIPPING CONTAINERS

1. Notwithstanding the other regulations of this By-law the following provisions shall apply to shipping containers:
 - a. Shall only be used for accessory storage;
 - b. Shall only be located to the side or the rear yard provided that it is:

 - d. Any structure intended for the keeping of animals is only permitted in the rear yard of a site and must maintain a 15 foot (4.5 metre) setback from any site line.

3.2.5 BACKYARD BEE KEEPING

1. Backyard bee keeping must meet the following requirements:
 - a. No person shall establish an apiary on a non-agricultural site without first obtaining a development permit from the CAO, Development Officer, or designate;
 - b. Hives are limited to a maximum of four (4) per site and must be:
 - i. Set back at least 25 feet (7.5 metres) from any site line;
 - ii. Concealed behind a solid fence 6 feet (1.8 metres) in height.

3.2.6 ACCESSORY BUILDINGS, STRUCTURES AND USES

GENERAL

1. Accessory buildings, structures and uses shall be permitted on the same zoning site as the main building, structure or use subject to the provisions of this Section 3.2.6 and the Use Table and Bulk Use Requirements Table of the zone in which the accessory buildings, structures and uses are to be located.

LOCATION AND USE

2. Accessory buildings and structures, except as otherwise regulated in this By-law, shall be subject to the following regulations:
 - a. Where the accessory building or structure is attached to a main building or structure, it shall be subject to, and shall conform to, all regulations of this By-law applicable to the main building or structure;
 - b. Detached accessory buildings or structures shall not be located in any required frontyard;

- c. Detached accessory buildings or structures shall not be located closer than 10 feet (3 metres) to any main or accessory building or structure;
- d. No accessory building or structure shall be erected prior to the main building or structure except:
 - i. where it is necessary for the storage of the tools and materials for use during construction of the main building or structure or is essential to the construction of the main building or structure, and shall not exceed a floor area of 600 square feet (55.7 sq. metres);
 - ii. permit(s) for the main building or structure are taken out at the same time as the permit for the accessory building or structure.
- e. Accessory buildings or structures shall not be used for human habitation except as otherwise permitted herein.

TYPES PERMITTED

- 3. Accessory buildings, structures and uses shall be limited to those listed on Tables and Table 3-5 for each respective zone, except where Council approves a variance because the accessory building, structure or use would be compatible with the character and use of the subject zone.

SECONDARY SUITES

- 4. Secondary Suites must comply with the *Manitoba Building Code* and are subject to the following regulations:
 - a. Are not permitted in association with a multiple-unit or two-unit dwelling;
 - b. A minimum of one off-street parking space must be provided for each suite.

For attached Secondary Suites:

- c. Not more than one (1) Secondary Suite shall be permitted within a principal dwelling.
- d. Maximum floor area shall not exceed 40% of the total habitable floor space of the principal dwelling or 861.1 square feet (80 sq. metres), whichever is the lesser.

For detached Secondary Suites:

- e. Not more than 1 Secondary Suite shall be permitted on an established zoning site.
- f. Maximum floor area shall be:
 - i. No greater than 861.1 square feet (80 sq. metres).
- g. Building height (Maximum):
 - i. Secondary Suite (above garage): 26.2 feet (8 metres)
 - ii. Secondary Suite (at Grade): 15.0 feet (4.5 metres)
- h. Setbacks (Minimum):
 - i. From Front Lot Line: must be equal to or greater than the minimum setback from the front property line for a principal dwelling within the same zone.
 - ii. From Rear Lot Line: must be equal to or greater than the minimum setback from the rear property line for an accessory structure within the same zone.

- i. From Side Lot Line:
 - i. Must be equal to or greater than the minimum setback from the side property line for a principal dwelling within the same zone.
- j. From Corner Side Lot Line:
 - i. Must be equal to or greater than the minimum setback from the exterior side property line for a principal dwelling within the same zone.
- k. Separation from the Principal Dwelling (Minimum): 20 feet (6 metres)

SOLAR COLLECTORS, PRIVATE WINDMILLS AND NATURAL ENERGY DEVICES

- 5. Private windmills, when accessory to a main residential use within the rural areas, are a permitted use. Private windmills shall not be established in urban areas.
- 6. Solar collectors, when mounted on a peaked roof shall be attached flush to the roof and are considered a permitted use.
- 7. Solar collectors, when located on the ground, which are accessory to a main building, shall adhere to the accessory structure standards of the applicable zone, but are limited to a height of 8 feet (2.4 metres) above the ground and are considered permitted or conditional according to Table 3-5.
- 8. Solar collectors, when mounted on a flat roof, shall adhere to the standards in Section 3.1.8.

CANNABIS STORES

- Applies only to existing single-unit dwellings with commercial zoning.
- Applies only when accessory to a school, place of worship or Indoor Recreation Facility.
- Accessory drive-throughs are not permitted in the Commercial (C) and Commercial Neighbourhood (CN) zone.
- Applies within the RS zone only.
- Outdoor storage compounds are permitted for non-residential uses only.

- g) An accessory dwelling unit for the owner/operator is permitted only when contained within the same building as the main use provided that:
 - a. no more than fifty (50) percent of the total building floor area is occupied by the dwelling unit; and
 - b. the dwelling unit is not located in the front half of the main floor area facing the street.

3.2.7 TEMPORARY BUILDINGS, STRUCTURES AND USES

PERMIT REQUIRED

1. Buildings, structures and uses may be permitted on a temporary basis, subject to the issuance of a development permit from CAO, Development Officer, or designate.
2. A development permit for a temporary building, structure or use shall be subject to such terms and conditions as required the CAO, Development Officer, or designate.
3. Each development permit issued for a temporary building, structure or use shall be valid for a period of not more than six (6) months and may not be renewed for more than two (2) successive periods at the same location.

TEMPORARY CAR SHELTERS

4. Temporary car shelters require a development permit and are subject to the following:
 - a. Must be kept in good condition at all times;
 - b. Are authorized only for residential sites;
 - c. Must be located on the same piece of land as the main building that they serve;
 - d. Must not be placed within a required yard for accessory structures; and
 - e. Must be installed within a driveway or a parking space and cannot be located within a front yard.
5. Temporary car shelters are intended to be used for sheltering vehicles from snow and ice during the winter months.
6. Each residential zoning site is permitted to have 1 (one) temporary car shelter.

EXCEPTIONS

7. Notwithstanding the above provisions a development permit shall not be required for:
 - a. The use, erection or construction of temporary buildings or structures associated with a development authorized by a separate development permit for the period of construction;
 - b. Temporary buildings, structures and uses associated with fairs, events, games, exhibitions, public markets, sales in public places, transient traders and similar provided the necessary licenses under *The Municipal Act* are obtained as required; and

CONSTRUCTION

8. Temporary buildings, structures and uses to be used in conjunction with a construction site:
 - a. Shall not exceed 1,000 square feet (92.9 sq. metres) in floor area nor 15 feet (4.5 metres) in height;
 - b. May be used for storage of construction materials and equipment incidental to and necessary for construction;
 - c. May be used for office space for contractor or developer;
 - d. Shall not be used for human habitation, except as temporary accommodation for a caretaker or other staff; and
 - e. Shall not be detrimental to the public health, safety, convenience and general welfare.

3.2.8 LANDSCAPING AND SCREENING REQUIREMENTS

1. Where off-street parking for fifty (50) or more vehicles is provided at-grade on a site, 1.50 square meters of landscaped area shall be provided for each parking space. The required landscaped area shall not be provided within a required yard and shall be situated in a manner as to provide visual relief and/or a protected, landscaped walking route through the parking area to the main building entrance.
2. Any parking area or loading area in a “C” or “RM” zone which is visible from an “RS” or “RT” zone shall provide opaque fencing, masonry wall, earthen berm and/or landscaped screening at least 4 feet (1.2 metres) in height.
3. Garbage enclosures and collection areas which are located within a “C”, “RM” or “I” zone and are visible from public streets and/or a “RS”, “RT” or “RM” zone shall be enclosed within opaque fencing, a masonry wall and/or landscaped screening at least 6 feet (1.8 metres) in height.
4. If landscaped screening is provided it shall consist of coniferous trees or shrubs and/or deciduous trees and shrubs. Landscaping must be maintained to provide effective screening to a height of 6 feet (1.8 metres).

3.2.9 DRIVE-INS AND DRIVE-THROUGHS

1. All drive-ins and drive-throughs, whether a principle or accessory use, are subject to the following:
 - a. No drive-ins or drive-throughs shall be located on a lot or site which is adjacent to a lot with residential zoning, unless they are separated by separate building or a public street;
 - b. No portion of a drive-in or drive-through shall be located within a required yard;
 - c. All drive-through facilities shall provide vehicle queuing spaces as follows:
 - i. A minimum of four (4) queuing spaces must be provided if the drive-through facility has one point of contact;

- ii. Drive-through facilities with two points of contact require a minimum of six (6) queuing spaces; and
- iii. Queuing spaces shall not be counted towards minimum parking requirements.

3.2.10 PUBLIC SERVICES

PUBLIC MONUMENTS

1. Nothing in this By-law shall be so interpreted as to interfere with the maintenance and erection of public monuments, statuary and similar historic or memorial markers.

PUBLIC UTILITIES

2. Nothing in this By-law shall be so interpreted as to interfere with the construction, maintenance and operation of any public utilities, as defined by this By-law, or public service such as police and fire protection provided that the requirements of such utilities or public services is of a standard compatible with the adjacent area and that any building or structure erected in any zone complies with the yard and area requirements applicable to the zone.

3.2.11 ALTERNATE FORMS OF DEVELOPMENT

CONDOMINIUMS

1. In bare land unit condominium developments:
 - a. each "bare land unit" shall be considered a "site" for the purposes of determining site area and width, yards and other requirements;
 - b. the provisions of the Use Table and Bulk Use Table for the zone in which the development is to be located and all other regulations and requirements of this By-law shall apply.

4 LAND USE ZONES

4.1 ZONING

ESTABLISHMENT OF ZONES

1. In order to carry out the intent and purposes set forth in Section 2.2, the following zones are hereby established:

AGRICULTURAL AND NATURAL AREAS ZONES

"AG" Agriculture General Zone: this zone provides for general agricultural activities, including grain production, pasturage and specialized agriculture, apiculture, market gardening, horticulture, silviculture and livestock operations on a commercial scale. The Agriculture General Zone also provides flexibility to accommodate a variety of agriculture-related and resource-based uses through the conditional use process.

"AI" Agriculture Limited Zone: this zone provides for agricultural uses similar to the Agriculture General Zone however, due to the proximity to Town Areas, Village Areas, Rural Living Areas and environmentally sensitive areas, certain uses that may conflict with these areas, such as livestock operations (LO), are more restricted.

RESIDENTIAL ZONES

"RS" Residential – Single Unit Zone: this zone provides for the development of single-unit dwellings and associate or compatible uses within the Town Areas of Lorette and Landmark.

"RT" Residential –Two Unit Zone: this zone provides for the development of low and medium density single and two-unit dwellings as well as associated and compatible uses within the Town Areas of Lorette and Landmark.

"RM1" Residential – Multiple Unit 1 Zone: this zone provides for the development of low to medium "townhome" density multiple-unit dwellings in one or more structure and associated or compatible uses within the Town Areas of Lorette and Landmark.

"RM2" Residential – Multiple Unit 2 Zone: this zone provides for the development of medium to higher "apartment style" density multiple-unit dwellings in one or more structure and associated or compatible uses within the Town Areas of Lorette and Landmark.

"RMH" Residential – Mobile Home Zone: this zone provides for the development of mobile home parks and subdivisions for mobile home dwellings and associated or compatible uses.

"RRE" Residential - Rural Residential Zone - Escarpment: this zone provides for the development of low density single-unit dwellings and/or mobile home dwellings utilizing on-site wastewater and water services within rural areas. It may also include other uses that are compatible with the residential character of this zone. Minimum lot sizes within this zone are larger than RRW in order to reduce impacts on natural areas and habitat.

"RRW" Residential - Rural Residential Zone - West: this zone provides for the development of low density single-unit dwellings and/or mobile home dwellings utilizing on-site wastewater and water services within rural areas. It may also include other uses that are compatible with the residential character of this zone.

COMMERCIAL ZONES

“C” Commercial Zone: this zone provides land in the Town Areas to be developed as multi-functional in nature and support a diverse variety of appropriate uses within the Town Areas of Lorette and Landmark.

“CN” Commercial – Neighbourhood Zone: this zone provides for the development of neighbourhood commercial uses that are compatible in scale and character with surrounding residential uses, and to service the convenience needs of those residing in the adjacent neighbourhood.

“CM” Commercial – Mixed Use Zone: this zone provides for the development mixed uses containing commercial and residential components. This zone can accommodate mixed uses in two forms. First, single buildings with commercial and retail uses located on the ground floor with residences located on upper floors. Second, uses can be mixed on a single site in separate buildings.

“CH” Commercial – Highway Zone: this zone provides for highway-orientated commercial which serves the travelling public or are not be suitable within Village Areas and Town Areas. The CH zone is also intended to provide for limited light manufacturing and agriculturally-orientated commercial in rural areas.

INDUSTRIAL ZONES

“I” Industrial Zone: This zone provides for manufacturing, assembling, processing, distribution, wholesaling and warehousing uses within enclosed buildings. This zone is intended to accommodate uses which may cause nuisances for other land uses.

OPEN SPACE ZONE

“OS” Open Space Zone: this zone provides areas where the primary land uses are buffer areas, public parks, cemeteries, recreation facilities, schools and school grounds.

ESCARPMENT AREA ZONES

“AR” Aggregate Resource Zone: this zone protects the extraction potential of valuable aggregate deposits by preventing incompatible land uses from locating nearby and ensures that extraction operations is performed in a manner which limits negative impacts on adjacent land uses.

“NE” Natural Environment Zone: This zone protects natural areas and may be used to preserve large areas of wildlife habitat, especially on Crown lands, to accommodate the present and future enjoyment of natural resources.

VILLAGE AREA ZONE

“VA” Village Area Zone: this zone includes residential, local commercial and community facilities under one zone to provide maximum flexibility in the small Village Areas found throughout the RM of Taché.

4.1.1 ZONING MAPS

1. The location and the boundaries of the zones listed in Section 4.1 are shown upon zoning maps attached hereto, marked as Schedule A to this by-law. Said zoning maps form part of this by-law. All notations, references and other information shown thereon, together with any amendments made by amending by-laws from time to time and shown thereon, together with any amendments to boundaries in the case of any street, lane or public utility right-of-way closing, as provided in this section, shall be as much a part of the by-law as if the matters and information set forth by the said zoning maps were full described herein.

4.1.2 INTERPRETATION OF ZONE REQUIREMENTS

INTERPRETATION

1. In their interpretation and application, the provisions of this by-law shall be held to be the minimum requirements to satisfy the intent and purpose as set forth herein.

USES

2. The Use Tables for each zone list all uses that are:

"P" - Permitted; or

"C" - Conditional;

in their respective zones. All listed uses shall be interpreted in accordance with PART 1: DEFINITIONS; shall be dealt with in accordance with procedures outlined in PART 2: ADMINISTRATION and shall be subject to the provisions contained in PART 3: LAND USE AND DEVELOPMENT PROVISIONS.

3. No land shall be used or occupied, and no building or structure shall be erected, altered, used, relocated or occupied hereafter for any use in any zone in which such land, building or structure is located other than a use listed in the Use Table for the subject zone.

USES NOT LISTED

4. Uses of land, buildings, or structures not listed in a Use Table may not be allowed.

DIMENSIONAL STANDARDS

5. Site and other requirements shall be as set forth in the BULK USE REQUIREMENTS TABLE for each zone. The requirements set forth therein shall apply to all uses, structures or buildings.

EXCEPTIONS TO BULK REQUIREMENTS

- a) Within the areas designated as Escarpment within the Development Plan the minimum site area is 4 acres.

4.2.1 REGULATION OF LIVESTOCK OPERATIONS

1. Animal units shall be calculated using Schedule B of this by-law.

MUTUAL SEPARATION OF DWELLINGS AND LIVESTOCK OPERATIONS

2. A mutual separation distance shall be maintained between a livestock operation and any dwelling or designated areas
3. The separation distances are to be calculated based on the residences and the designated areas in existence on the date the municipality receives an application to expand or establish the livestock operation or establish a dwelling.

NOTICE OF PUBLIC HEARING FOR LIVESTOCK OPERATIONS

4. Variances for separation distances between livestock operations and dwellings or designated areas must notify the livestock operation from which the separation distance is required.

	Accessory	-	-	25	10	20	10	10	15

EXCEPTIONS TO BULK REQUIREMENTS

- a) Front yard setbacks within the “C” and “CM” zones should match the average of the neighbouring two adjacent commercial structures on either side of the subject site. In cases when a commercial structure is replacing an existing home in the Main Street Areas this does not apply.
- b) Service station fuel pumps shall be located a minimum of 15 feet (4.5 metres) from any site line and 30 feet (9.1 metres) from the front site line

ADDITIONAL REQUIREMENTS

- a) Bare Land Condominiums shall be developed in accordance with Section 3.2.11% of this by-law.
- b) Yard requirements for Commercial Uses adjacent to Residential Zones shall be in accordance with Section 3.1.1 #4 of this by-law.

4.4 RESIDENTIAL ZONES

1. The following Bulk Use Requirements apply to the Residential Zones.

EXCEPTIONS TO BULK REQUIREMENTS

- a) Existing zoned sites shall not be subdivided to a lot width and/or area measuring less than the average of the adjacent 3 lots on either side of the subject lot on the same side of the street.
- b) When a new dwelling is established on a site adjacent to sites with existing dwellings, the new dwelling must have a front yard consistent with the average of the adjacent 3 front yards on either side of the subject site. For a corner lot, the average setback for the three nearest properties on the same block will be used for calculating the required front yard.
- c) When a single-unit dwelling is proposed in the “RT”, “RM1” or “RM2” zones, the minimum requirements of the “RS” zone are applied.
- d) When a two-unit dwelling is proposed in the “RS” or “RM1” zones, the minimum requirements of the “RT” zone are applied.
- e) When a site contains two main buildings, the separation between main buildings shall be at least the distance of the two interior side yards required within the applicable zone.
- f) When the floor area of an accessory building or structure is less than 108 square feet (10.9 sq. metres) in the “RS” and “RT” zones, the minimum side yard and rear yard distance is 3 feet.

ADDITIONAL REQUIREMENTS

1. Bare Land Condominiums shall be developed in accordance with Section 3.2.11 of this by-law.
